

Dear Chapter Leadership,

Tri Delta Housing is committed to maintaining a safe environment where all collegiate members can live, learn and lead. As a facility that falls under Tri Delta Housing's Asset Management Program, we wanted to reach out to you to share our resources and provide support to the chapter related to any residential and/or meeting spaces you may have. We know that the COVID-19 pandemic has created unprecedented times!

First and foremost, we know many universities have built and implemented plans for their buildings this fall. You should follow all the guidelines that your university has put in place.

If you are looking for additional guidance, Tri Delta Housing has also provided comprehensive resources for reopening. These resources were developed based on guidance from the Centers for Disease Control and M/I Insurance. We are sharing these simply to supplement any guidance your university may have already provided. You can review all our resources by visiting our COVID-19 webpage at www.tridelta.org/covid19. Some resources that may be helpful to you include:

- COVID-19 Housing Safety Plans including:
 - Expectations of members around their health and safety
 - Guidance for supplies
 - Guidance for cleaning
- Updated Emergency Medical Information Forms
- Facility Signage branded specifically for Tri Delta

There's much more on the webpage that you are welcome to explore. These resources are designed to provide a generalized approach to reopening for all locations, understanding the variations from university to university. Based on your chapter's space, please be aware that some guidance may not be applicable.

Lastly, we are here to help! If you need assistance with supplies, coordinating cleaning efforts, communicating with your university partners about your space, or other questions specific to your chapter, please let us know. Our property management team is ready and prepared to support your chapter!

Loyally,

Tri Delta Housing Team
